# Weekly Period Chart

Take the Weekly Period number from the top and look down the column to the left to give you your occupancy date for any year. Occupancy of your apartment is from Saturday to Saturday with the exception of weekly period 1, 2, 51 and 52 which are related to fixed dates in order to avoid changeover dates falling on Christmas Day, Boxing Day, or New Year's Day. Week 1, which includes New Year, commences on 29th December of the previous year. Any day unallocated to weekly periods between weekly periods number 2 & 4 and 49 & 51 will be allocated for Maintenance purposes. The specially outlined week which appears each month in March or April indicates the week in which Easter Sunday falls.
